

Quickbooks Online vs Desktop -

Make Sure You Signed Up for the Correct Class!

While the functionality of Quickbooks Online and Desktop are generally the same, the look and feel of the software is very different. It is highly recommended that you sign up for the class relating to the software that you're currently using or that you believe you want to use.

Quickbooks Online –

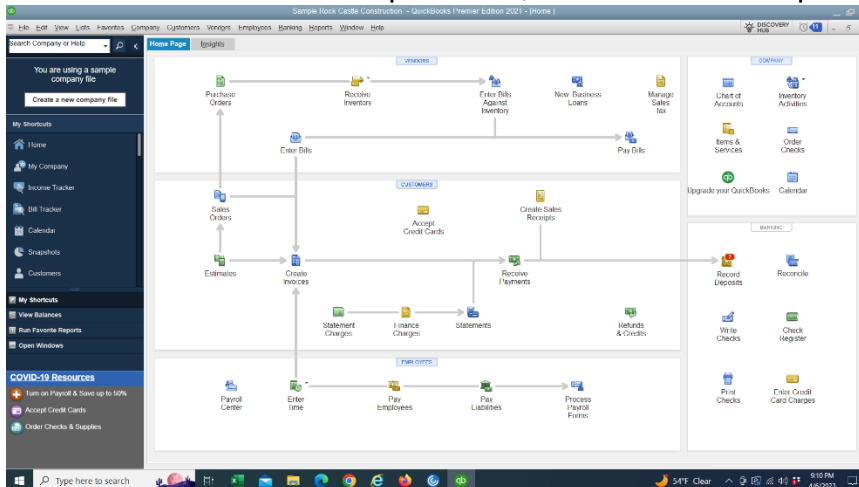

The versions of QBO are Essentials, Plus and Advanced. A screen shot is below.

QBO has a +New Button at the top left and a Gear Icon at the top right.

Quickbooks Desktop –

The versions of QB Desktop are Pro, Premier and Enterprise. A screen shot is below.

At the top bar showing your company name, the version should also be listed as Pro, Premier or Enterprise with the year.
